

Stay Healthy, Stay Thin and Stay Energized!

Stay Healthy - Your Daily Anti-Oxidants with NuVerus Plus

NuVerus Plus is a new kind of SuperFood geared toward today's lifestyles. NuVerus Plus not only tastes great, it also contains powerful antioxidants that help protect the body from harmful free radicals that can cause disease. In all, NuVerus Plus contains 20 powerful Super Foods and Super Juices! The key ingredient is Nigella Sativa, more commonly known as Black Seed. For centuries, the health benefits of Black Seed could only be realized through pill or oil form. Not anymore. Through advanced research and technology, NuVerus has extracted the most important components of Black Seed and formulated it to work together with all of NuVerus Plus's other ingredients to make it the most comprehensive and unique wellness drink available today. It is the perfect blend of nature's power, ancient wisdom, and modern science.

NuVerus Plus is delicious. Just ask the kids who drink it every day. Just ask the Hollywood Celebrities and Athletes around the world who are drinking it every day as well as over 1000's of other satisfied people of all ages who have discovered NuVerus Plus.

NuVerus Plus is Doctor Approved. The Medical Advisory Board of world renowned physicians at NuVerus not only recommends you drink NuVerus Plus, they developed and tested NuVerus Plus, and they drink it, as well as their families! NuVerus Plus is Certified Organic and contains no added sugar and no preservatives.

NuVerus Plus is loaded with antioxidants. Certified Testing shows that each ounce of NuVerus Plus, that you consume contains almost 9000 units of antioxidants, or the equivalent of consuming 9 servings of fruits & vegetables. Certified Testing on live red blood cells (CAP-e Testing) shows that NuVerus Plus prevents Free Radical Damage at the cellular level and extends the life of your cells!

Why should you drink NuVerus Plus?

For daily antioxidant supplementation to protect your cells. Unless you are consuming 6 or more servings of organic fresh fruits and vegetables daily, you are not getting the daily supply of vital nutrients and antioxidants that Doctors recommend.

How Much: Drink 1-2 ounces of Plus in the morning and evening for total body health and protection.

Kids 6-12, drink ½ ounce morning and evening.

LOSE WEIGHT THE SAFE AND EASY WAY WITH NUVERUS TRIM AND WATER

SuperCharge your Water with NuVerus Trim!

We all know the benefits of water. Stay hydrated, eliminate toxins, etc, etc. But let's face it, drinking water is BORING! What if your water could do more for you? What if your water could help you lose weight? Even better, what if it could help you lose weight, add energy, boost your immune system and it had a wonderful flavor to quench your thirst? There are many new water enhancement products hitting the market, none of them can do what NuVerus Trim does!

Lose Weight

NuVerus Trim contains Green Coffee Bean Extract, Raspberry Ketones, and Garcinia Cambogia. All of these natural ingredients have been proven in studies to help control appetite, reduce hunger, and lead to weight loss!

Research has shown that people who drink more water lose more weight and have an easier time maintaining weight. More research shows that if you consume a large glass of water before a meal, you will eat up to 50% less. New research now shows that the natural ingredients in NuVerus Trim will help you lose weight! Weight Loss has never been easier . . . Just SuperCharge your water with NuVerus Trim!

Energy

NuVerus Trim contains Green Tea Extract. This natural ingredient will give you safe and effective energy during your day.

Immune System Boost

NuVerus Trim contains Cayenne Pepper, Black Currant, Panax Ginseng, and Nettle Extract. These natural ingredients will give your immune system a gentle boost every time you drink your water!

Flavor

NuVerus Trim has a delicious and refreshing Mixed Berry flavor.

The Daily NuVerus Trim Solution

Add 10-15 drops of NuVerus Trim to water at your mid-morning snack time (after a smart healthy breakfast), within minutes you will notice you are not hungry. Thus you won't reach for a high calorie snack, or one of those cans of diet soda that are very unhealthy! At lunch, drink a big glass of NuVerus Trim water 5-10 minutes before eating. You will notice that you will eat 25-50% less at lunch. Then in the mid-afternoon, have another tall glass of NuVerus Trim Water! Do the same thing before Dinner and at your evening snack time.

The Result of your Daily NuVerus Trim:

- More Water for a Healthier Body, SuperFoods for a Healthier Immune System.
- Less Calories from Sugary Drinks and Snacks, and Lighter Meals.
- More Energy during your day.
- Long Term Weight Loss
- Maintain a Thin Physique

ENERGY

Antioxidant SuperFood Energy Drink

NuVerus Energy combines ancient wisdom with modern science for a new kind of Antioxidant SuperFood Energy Drink. NuVerus Energy will give you the energy you are used to from other energy products, without the jitters, crash, and dangerous side effects.

- NuVerus Energy contains SuperFoods for optimal health including: Black Seed, Grape Skin and Quercetin.
- NuVerus Energy is made with Organic Juices including: Blueberry, Pomegranate, Noni, Apple, Pear, Grape and Cherry.
- NuVerus Energy uses a base of Aloe Vera for advanced absorption. Aloe Vera hydrates your body and reduces inflammation.
- NuVerus Energy is certified USDA Organic and contains no artificial preservatives or sweeteners and it tastes delicious.

The Power of Coffee Bean Caffeine in NuVerus Energy

Many of us now consume dangerous energy drinks on a daily basis. Why should we be concerned about this new variety of mental stimulant? The concern relates to where the buzz comes from: natural caffeine vs. laboratory produced synthetic caffeine in most energy drinks.

This majority of energy drinks are made with synthetic caffeine. Synthetic caffeine is much more potent. Synthetic caffeine is absorbed quickly by the body causing a hard jolt to your nervous system, with the inevitable crash. Continuous usage of synthetic caffeine tends to over saturate the nervous system which can lead to bigger problems.

Most energy drinks also contain high amounts of sugar, artificial sweeteners, as well as preservatives. In addition carbonated energy drinks leave the body in an acidic state, which is harmful to your teeth, digestive system, and vital organs.

NuVerus Energy uses natural Coffee Bean caffeine which is absorbed more slowly by the body. There are many advantages with this natural version of caffeine. The duration of the increased mental clarity will be longer, you get a prolonged feeling of alertness for many hours, and the effect eventually wears off gradually.

The use of SuperFoods and SuperJuices in NuVerus Energy, gives additional nutritional value. Other energy drinks cannot compare to the value of NuVerus Energy.

SuperFood Blend for Optimal Health and Weight Management

- Black Seed Oil SuperFood
- Loaded with Anti-Oxidants
- Supports Cardiovascular Health
- Supports Digestive Health
- Supports Healthy Joints
- Healthy Weight Management
- Prebiotic
- Quality Protein
- Low Carbohydrate
- High Fiber
- Overall Health Benefits
- Physician Formulated

Introducing NuVerus NuBlend

NuVerus NuBlend is an innovative blend of our signature SuperFood Black Seed, with additional powerful SuperFoods including Green Coffee Bean and White Chia, blended with protein, prebiotics, and fiber. This has been proven to be beneficial in many unique ways, including assisting with cardiovascular health, intestinal health, joint health, weight management and healthier hair, skin and nails.

NuBlend provides an exotic blend of SuperFoods for effective weight management. The combination of Black Seed with Green Coffee Bean and White Chia will give you a wonderful influx of energy, along with a boost to your metabolism, both of which will assist you in maintaining a healthy weight!

NuBlend combination of fiber and protein enhances the feeling of fullness which can help decrease your desire to eat. NuBlend™ also assists bowel regularity and helps in supporting healthy cholesterol levels.

NuBlend fiber functions as a prebiotic in the digestive tract. A Prebiotic is a selectively fermented ingredient that allows specific changes, both in the composition and / or activity in the gastrointestinal microflora that confers benefits upon well being and health.

The protein in NuBlend is an excellent source of branched chain amino acids (BCAAs). It supports the synthesis of proteins in the body.

NuBlend™ is physician formulated and is just what your body needs to maintain a healthy daily balance... All with only 60 calories per serving!

Why is NuVerus NuBlend Important?

- The combination of Black Seed with Green Tea Caffeine, Green Coffee Bean, White Chia, and Cayenne Pepper will give you a wonderful influx of energy, along with a boost to your metabolism, both of which will assist you in maintaining your optimal desired weight!
- The combination of fiber and protein reduces caloric intake by increasing satiety (the feeling of fullness), as well as decreasing hunger and preventing you from over-eating.
- Probiotics are created in the bowel tract when NuBlend™ is digested. Probiotics improve digestion and the processing of waste from the colon. They support and replete the good bacteria within the intestine.
- The protein in NuBlend™ is an excellent source of branched chain amino acids (BCAAs). It stimulates the synthesis of proteins in the body, supports the immune system, and promotes bone health and general wellness.
- All with less than 100 calories per serving!!

For a delicious Super Charged Morning formula: mix 1 scoop of NuBlend with 6 ounces of water and 1 ounce of NuVerus Plus. For additional energy, add 2 ounces of NuVerus ELAV8.

NuVerus Omega

Powered by BlackSeed and SuperFoods

Dr. Julian Bailes, M.D. - NuVerus Medical Board & Research Team

“NuVerus products are based on the latest scientific research and formulated with the optimal daily dosages of each ingredient so you can achieve your wellness goals. Unlike other companies who simply throw as many ingredients together as possible, NuVerus treats product formulation as an art form. More than simply taking the ingredients supported by scientific literature, we use them in the proper forms, in the proper combinations and in the proper amounts to truly make an effective product formula.”
- Dr. Julian Bailes, M.D.

Read more about Dr. Julian Bailes on the following page and the incredible success he has had with Omega 3. The following story is one of the reasons why Dr. Julian helped develop NuVerus Omega with the NuVerus Medical and Research Team.

Why every member of your family needs DHA and EPA

Omega-3 fatty acids are essential fatty acids. We need them for our bodies to work normally. Because essential fatty acids (DHA and EPA) are not made in the body we need to get them from our diet. Research shows strong evidence that the omega-3s EPA and DHA can boost heart health and lower triglycerides, and help with rheumatoid arthritis, depression, and many more. Omega-3s also play an important role in reducing inflammation throughout the body, the blood vessels, the joints, and elsewhere. Omega-3 is essential for development and healthy functioning of the brain, eye and heart, for all stages of life, especially children. Omega's are needed by every member of your family from pregnant and nursing women to infants, children and all adults.

The Power of Black Seed in Omega

NuVerus is the first company to combine essential Omega with the power of the ancient SuperFood Black Seed oil. Black Seed is one of nature's greatest gifts. Physicians as far back as the 1st century used Black Seed to treat a variety of ailments and sicknesses. The Black Seed oil has a rich composition of more than 100 compounds including essential fatty acids, vitamins, and minerals.

More SuperFoods to Enhance your Health

Curcumin or Turmeric It is a powerful antioxidant that has been used for 1000's of years.

Flax Seed Oil. WebMd reports there is evidence that it may help reduce your risk of heart disease, cancer, stroke, and diabetes.

Chia Seed Oil is loaded with nutrients and antioxidants that can have important benefits for your body and brain. This oil is high in Omega-3 Fatty acids

Grape Seed. WebMd reports that there is strong evidence that grape seed extract is beneficial for a number of cardiovascular conditions

Gotu Kola is a rejuvenative herb that can assist the body with nervous disorders, epilepsy, senility and premature aging.
