

The NuVerus Plus™ Story

Ancient civilizations were known for their wisdom and their ability to unlock nature's secrets. They understood the intrinsic power of natural healers like Nigella Sativa, Aloe Vera, Curcumin, Grape Seed Extract (Resveratrol), Mangosteen, Pomegranate, Noni, Acai, Green Tea, Blueberry, Goji, Black Currant, and Quercetin. At NuVerus, we have rediscovered the wisdom of the ancients and combined it with modern science in order to unlock the secret to optimal health and wellness. We call it **NuVerus Plus™**.

A new kind of SuperFood geared toward today's lifestyles.

NuVerus Plus not only tastes great and provides pure energy, it also contains powerful antioxidants that help protect the body from harmful free radicals that can cause disease. The key ingredient is Nigella Sativa, more commonly known as Black Seed. For centuries, the health benefits of Black Seed could only be realized through pill or oil form. Not anymore. Through advanced research and technology, NuVerus has extracted the most important components of Black Seed and formulated it to work together with all of **NuVerus Plus's** other ingredients to make it the most comprehensive and unique wellness drink available today. It is the perfect blend of nature's power, ancient wisdom, and modern science.

NuVerus Plus is delicious. Just ask the kids who drink it every day. Just ask the Hollywood Celebrities and athletes around the world who are drinking it every day as well as 1000's of other satisfied people of all ages who have discovered **NuVerus Plus**. What are people saying about **NuVerus Plus**? People are reporting improvements in: energy and focus, ability to sleep at night, reduced joint pain and stiffness, reduced digestive disturbance, improved quality of hair-skin-nails, improvements in allergies-colds-flus, and much more!

NuVerus Plus is Doctor Approved. The Medical Advisory Board of world renowned physicians at NuVerus not only recommends you drink **NuVerus Plus**, they developed and tested **NuVerus Plus**.

NuVerus Plus is Certified Organic.

NuVerus Plus contains no added sugar and no preservatives.

NuVerus Plus is loaded with antioxidants. Certified Testing shows that each ounce of **NuVerus Plus**, that you consume contains almost 9000 units of antioxidants, or the equivalent of consuming 9 servings of fruits & vegetables. Certified Testing on live red blood cells, CAP-e Testing, shows that NuVerus prevents Free Radical Damage at the cellular level . . . it helps extend the life of your cells!

Why should you drink **NuVerus Plus**? For daily antioxidant supplementation to protect your cells. Unless you are consuming 6 or more servings of organic fresh fruits and vegetables daily, you are not getting the daily supply of vital nutrients and antioxidants that Doctors recommend.
